Management company	Allspring Global Investments Luxembourg S.A. is authorized in Luxembourg, and regulated by the CSSF.
KID production date	04/12/24

What is this product?

Type	Allspring (Lux) Worldwide Fund (the "Fund") is a Societe d'Investissement à Capital Variable (SICAV) composed of several separate sub-funds organised under the laws of Luxembourg.
Term	The Fund has been established for an indefinite period of time. The PRIIP Manufacturer reserves the right to liquidate the Fund, subject to approval by the Board of Directors.

Objectives	<p>Allspring (Lux) Worldwide Fund - Climate Transition Global High Yield Fund (the "Sub-Fund") seeks total return, by investing, under normal circumstances, at least two-thirds of its total assets in credit debt securities rated below-investment grade (i.e., BB+ or lower by Standard & Poor's or Ba1 or lower by Moody's or an equivalent quality rating from another internationally recognised credit ratings organisation or are deemed by the Sub-Investment Managers to be of comparable quality) at the time of purchase, which may include Green Bonds and perpetual bonds, issued by corporate issuers domiciled anywhere in the world. The Sub-Fund promotes environmental and/or social characteristics but does not have a sustainable investment objective. The Sub-Fund will invest no more than 10% of its net assets in securities issued or guaranteed by a single government issuer. The Sub-Fund may also invest up to 10% of its total assets in equity securities including those acquired as a result of an issuer's compulsory conversion of its debt instruments into equity, participation in a rights offering, or the Sub-Investment Managers' decision to convert convertible debt instruments into equities. The Sub-Fund may invest up to 15% of its total assets in contingent convertible bonds. The Sub-Fund may invest no more than 10% of its net assets in unrated, distressed or defaulted debt securities. Distressed securities are those debt securities rated below Caa2 by Moody's or CCC by Standard & Poor's. Defaulted securities are those debt securities rated C by Moody's or D by Standard & Poor's. The Sub-Fund will target to decarbonise by 2050. This is intended to be achieved by setting a decarbonisation profile for the Sub-Fund at inception that has a carbon intensity that is at least 30% lower than the ICE BofA Developed Markets High Yield Constrained Index (USD Hedged). The assets within the Sub-Fund are then managed such that the decarbonisation profile will decline annually with a trajectory to decarbonise by 2050. Through the use of a negative screening process, the Sub-Fund seeks to exclude certain securities in accordance with its exclusion policy. A copy of the methodology and list of excluded investments (including the revenue thresholds) is available under allspringglobal.com. Shareholders may also request a copy from the Fund or the Management Company.</p> <p>The Sub-Fund will hedge non-US Dollar-denominated investments to the US Dollar. The Sub-Fund may also use futures, forward contracts, options, or swap agreements, as well as other derivatives, for hedging, efficient portfolio management or investment purposes. The Sub-Fund focuses on bottom-up credit research with a focus on well-underwritten credits and relative value, with security selection as the primary driver of returns, and seeks to balance income while targeting a competitive yield to drive total returns.</p> <p>The Sub-Fund is actively managed but uses the ICE BofA Developed Markets High Yield Constrained Index (USD Hedged) as a reference for selecting investments and for performance comparison. The investments of the Sub-Fund may deviate significantly from the components of and their respective weightings in the benchmark.</p> <p>You may redeem your investment upon demand on each business day when banks in Luxembourg are open for normal business and the New York Stock Exchange is open for trading (a "Business Day").</p> <p>This share class does not distribute dividends. Income is reinvested in the Sub-Fund.</p>
-------------------	---

Depository	Brown Brothers Harriman (Luxembourg) S.C.A.
-------------------	---

Additional information	This document describes a share class of a sub-fund of Allspring (Lux) Worldwide Fund. The assets and liabilities of each sub-fund are segregated and no sub-fund is responsible for the liabilities of another. The prospectus and financial reports are prepared for Allspring (Lux) Worldwide Fund as a whole. You may obtain free copies of these documents in English, French, and German from Allspring (Lux) Worldwide Fund, c/o Brown Brothers Harriman (Luxembourg) S.C.A., 80 Route d'Esch, L-1470 Luxembourg or at allspringglobal.com . Price Publication: Net asset value per share is calculated on each Business Day and is available in local media and/or with the Fund's local agent in certain countries and at the registered office of the Fund.
-------------------------------	---

Intended investor	This product is intended for institutional investors of all knowledge and/or experience levels who are prepared to experience higher levels of volatility in pursuit of higher returns, who have an investment horizon of 5 years or longer and who have a risk tolerance compatible with the product's SRI rating.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed: in 2025 you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

Investment USD 10,000		
Scenarios	If you exit after 1 year	If you exit after 5 years
Total costs	42 USD	264 USD
Annual cost impact(*)	0.4 %	0.4 %

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at maturity your average return per year is projected to be 4.9% before costs and 4.4% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry cost	0.0% of the amount you pay in when entering this investment	0 USD
Exit cost	0.0% of your investment before it is paid out to you	0 USD
Ongoing costs [taken each year]		
Management fees and other administrative or operating costs	0.4% of the value of your investment per year. This is an estimate based on actual costs over the last year.	40 USD
Transaction costs	0.0% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	2 USD
Incidental costs taken under specific conditions		
Performance fee	There is no performance fee for this product.	0 USD

How long should I hold it and can I take my money out early?

Recommended holding period: 5 years

There is no minimum or maximum required period for investors to hold shares in this product, but the shares may not be suitable for investors intending to hold them for less than the recommended holding period. You may sell your shares without penalty on any Business Day.

How can I complain?

Complaints regarding the operation of the Fund or the conduct of the PRIIP Manufacturer or the person advising on or selling the Sub-Fund must be submitted in writing to the following address: Allspring Global Investments Luxembourg S.A., Building H20 - 2nd floor, 33 rue de Gasperich, L-5826, Luxembourg or via email to AllspringLuxembourg@allspringglobal.com. The complaint policy may be found at allspringglobal.com.
